

ANS2021 Online

Symposium Tuesday 22nd June 12-1:30pm AEST

Title: Non-mammalian models in neurodegeneration research

Chair: Michael Lardelli

<https://utas.zoom.us/j/88306543829>

Angela Laird (Macquarie University Centre for MND Research)

Using zebrafish to explore treatments for neurodegenerative movement disorders

Karissa Barthelson (The University of Adelaide)

Dissecting the early cellular stresses underlying familial Alzheimer's disease using zebrafish as a model organism

Louise O'Keefe (The University of Adelaide and SAHMRI)

Drosophila models for Neurodegenerative Disease
